Compatible connected device may be required and feature availability may be dependent on device's capability. Refer to connected device's Owner's Manual for details. Late availability for some features. Driving is serious business and requires your full attention. Only use features and connected devices when safe and legal to do so. Some features, including automatic crash notification and SOS, are dependent upon the telematics device being in operative condition, its ability to connect to a wireless network, compatible wireless network availability, navigation map data and GPS satellite signal receptions, the absence of which can limit or prevent the ability to reach Customer Care or receive support. GPS mapping may not be detailed in all areas or reflect current road status. Never program GPS while driving. Only use Remote Engine Start and Remote Horn features in accordance with any laws, rules or ordinances in effect in your vehicle's location. Some services and features are provided by independent companies not within Nissan's control. **Should service provider terminate or restrict service or features, service or features may be suspended or terminated without notice or with no liability to Nissan or its partners or agents.** Services and features may require compatible cellular network provided by independent companies not within Nissan or its partners' or agents' control. Cellular network signal strength may vary and may not be available in all areas or at all times. Services and features may not function if cellular network is unavailable, restricted, or terminated. Nissan and its partners or agents are not responsible for associated costs or other third party changes that may be required for continued operation due to cellular network unavailability, restriction, or termination (including equipment replacements/upgrades, if available, or roaming charges on alternative networks). Technology is evolving, and changes by independent companies are not within Nissan's or its partners' or agents' control. Enrollment, owner consent, personal identification number (PIN), and subscription agreement may be required to receive full suite of features and services. Trial periods (if applicable) begin on the date of vehicle purchase or lease of a new Nissan. Trial periods may be subject to change at any time and may be subject to early termination without notice. Required subscriptions may be sold separately for each available feature or service after trial period ends, and may continue until you call service provider to cancel. Installation costs, one-time activation fee, other fees and taxes may apply. Fees and programming subject to change. Feature may be subject to age restrictions in some areas. Dream it. Hitch it. Tow it. Send it.

Frontier® does more than tow — it's a truck built to pull your dreams to farther off the beaten path. Starting with Tow-Haul Mode, which optimizes your drive on the highway for heavier loads.² Turn off the highway, and Frontier attacks uneven, hilly terrain with features like hill start assist, hill descent control, and confidence-inspiring approach, breakover, and departure angles. When it's time to get your trailer of choice up that last sketchy hill, engage 4-LO and the electronic locking rear differential⁸ for maximum traction.

INTELLIGENT
MOBILITY™

Feed your craving for dirt

Between the straight lines and smooth surfaces of society lie all things jagged, dusty, rutted, sandy, muddy, and rocky. Excel in this environment with Frontier PRO-4X. It's a Frontier optimized for off-road abuse, so you can go farther into the backcountry with more confidence — and more grins — mile after mile.

Dedicated Off-road Display Keep track of pitch and roll, as well as key off-road functions like 4x4 engagement, for a safer, more confident day on the trail.
